

Wake County's Defense Industry revolves around the creation and enhancement of technologies that improve critical military and homeland security initiatives. Our specific strengths lie within six areas of the defense industry, as identified by RTI International on behalf of the North Carolina Military Foundation, including:

- /// C4ISR*
- /// Fuel and Power Sources
- /// Human Factors
- /// Performance Materials
- /// RESET Support Activities
- /// Unmanned Systems

* Command, Control, Communications, Computers, Intelligence, Surveillance, and Reconnaissance.
